

InformNet Summer School registration is now live

Online Summer School

July 3 to July 30, 2018

REGISTRATION will be live May 2018

InformNet is Manitoba's only online summer school program. This online learning opportunity is made possible through a partnership between Pembina Trails and St. James-Assiniboia School Division.

For nearly two decades, InformNet has given students across the province learning flexibility and an opportunity to advance and/or repeat a course without having to physically attend a class.

Registration for Summer School 2018 begins May 1, 2018 and ends on Friday, July 8, 2018.

It is important to note that students cannot apply for InformNet's Summer School program if they have never taken the course before.

There are a number of benefits to learning online this summer:

"It is an opportunity for students to catch up on courses, with personalized, direct teacher contact. It allows students to pursue summer employment, which may not be possible with structured face-to-face summer school hours. InformNet's online summer school can also be accessed from cottages or vacation areas throughout the world and, of course, from the comforts of home," shared Tom Tarrant, Principal of InformNet.

Here are a few reasons why students sign up for online summer school:

Summer school may not be available in your local area

Summer employment may not be possible with structured summer school hours

Online summer school can be accessed anywhere. Learning can take place at the cottage or vacation areas throughout the world.

Interested students can register online. More information, **click here to visit InformNet's webpage.**
