Financial Statements  
**June 30, 2017**

October 10, 2017

## **Independent Auditor's Report**

**To the Board of Trustees of  
St. James-Assiniboia School Division**

We have audited the accompanying financial statements of St. James-Assiniboia School Division, which comprise the statement of financial position as at June 30, 2017 and the statements of revenue, expenses and accumulated surplus, change in net debt and cash flows for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

### **Management's responsibility for the financial statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements present fairly, in all material respects, the financial position of St. James-Assiniboia School Division as at June 30, 2017 and the results of its operations, the change in its net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

## Notes to Financial Statements

June 30, 2017

---

### 1 Nature of organization and economic dependence

St. James-Assiniboia School Division (the Division) is a public body that provides education services to residents within its geographic location. The Division is funded mainly by grants from the Province of Manitoba (the Province), and a special levy on the property assessment included in the Division's boundaries. The Division is exempt from income tax and is a registered charity under the Income Tax Act.

The Division is economically dependent on the Province for the majority of its revenue and capital financing requirements. Without this funding, the Division would not be able to continue its operations.

### 2 Summary of significant accounting policies

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles established by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada (CPA Canada).

#### a) Reporting entity

The financial statements reflect the assets, liabilities, revenues and expenses of the Operating Fund, Capital Fund, and Special Purpose Fund of the Division. The Division's reporting entity includes school generated funds controlled by the Division.

The Operating Fund is maintained to record all the day to day operating revenues and expenses. The Capital Fund is used to account for the acquisition, amortization, disposal and financing of capital assets. The Special Purpose Fund is used to account for school generated funds controlled by the Division.

All inter-fund accounts and transactions are eliminated in the Division's financial statements.

#### b) Basis of accounting

Revenues and expenses are reported on the accrual basis of accounting except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable. The accrual basis of accounting recognizes revenues as they are earned and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay. Expenses also include the amortization of tangible capital assets.

#### c) Revenue

The deferral method of accounting is used for revenues received that, pursuant to legislation, regulation or agreement, may only be used for specific purposes. These amounts are recognized as revenue in the fiscal year the related expenses are incurred or the services performed.

# St. James-Assiniboia School Division

## Notes to Financial Statements

June 30, 2017

---

### d) School generated funds

School generated funds are monies raised by the school, or under the auspices of the school, through extracurricular activities for the sole use of the school that the principal of each school, subject to the rules of the school board, may raise, hold, administer and expend for the purposes of the school.

Only revenue and expenses of school generated funds controlled by the Division are included in the statement of revenue, expenses and accumulated surplus. To be deemed as controlled, a school must have the unilateral authority to make the decisions as to when, how and on what the funds are to be spent.

Year-end cash balances of all school generated funds are included in the statement of financial position. The uncontrolled portion of this amount is reflected in the School Generated Funds Liability account. Examples of uncontrolled school generated funds are parent council funds, other parent group funds, student council funds and travel club funds. Revenues and expenses of uncontrolled school generated funds are not included in the financial statements.

### e) Tangible capital assets

Tangible capital assets are non-financial assets that are used by the Division to provide services to the public and have an economic life beyond one year. Tangible capital assets include land, buildings, buses, other vehicles, furniture and equipment, computers and assets under construction.

To be classified as tangible capital assets, each asset other than land must individually meet the capitalization threshold for its class as follows:

| <b>Asset description</b>          | <b>Capitalization<br/>threshold<br/>\$</b> | <b>Estimated<br/>useful life<br/>(years)</b> |
|-----------------------------------|--|--|
| Land improvements                 | 50,000                                     | 10   |
| Buildings (school and non-school) |  |  |
| Bricks, mortar and steel          | 50,000                                     | 15 - 40                                      |
| Wood frame                        | 50,000                                     | 15 - 25                                      |
| School buses                      | 50,000                                     | 10   |

# St. James-Assiniboia School Division

## Notes to Financial Statements

June 30, 2017

---

With the exception of land and donated capital assets, all tangible capital assets are recorded at historical cost. Cost includes the purchase price, installation costs and other costs incurred to put the asset into service.

Buildings are recorded at historical cost when known. For buildings acquired prior to June 30, 2005, where the historical cost was not known, buildings have been recorded based on the replacement value for insurance purposes as at June 30, 2005 regressed to the date of acquisition using a regression index based on Southam and CanaData construction cost indices.

Donated tangible capital assets are recorded at fair value at the date of donation. Deferred revenue is recorded in an equivalent amount for all donated assets except land. The deferred revenue is recognized as revenue on the same basis that the related asset is amortized.

Land is recorded at historical cost when known. For land acquired prior to June 30, 2006, where historical cost was not known, land has been recorded based on values determined by the Crown Lands and Property Agency.

All tangible capital assets, except for land and assets under construction, are amortized on a straight-line basis over their estimated useful lives. Land is not amortized.

One-half of the annual amortization is charged in the year of acquisition and in the year of disposal if not fully amortized.

Assets under construction are not amortized until the date of substantial completion. Interest on funds used to finance school buildings under construction is capitalized for the periods preceding the date of substantial completion.

### **f) Employee future benefits**

The Province pays the employer portion of the Teachers' Retirement Allowances Fund (TRAF), the pension plan for all certified teachers of the Division. The Division does not contribute to TRAF, and no costs relating to this plan are included in the Division's financial statements.

However, the Division provides retirement and other future benefits to its non-teacher employees. These benefits include a defined benefit pension plan for non-teacher employees, vacation pay and parental leave benefits. The Division adopted the following policies with respect to accounting for these employee future benefits:

# St. James-Assiniboia School Division

## Notes to Financial Statements

June 30, 2017

---

### **i) Defined benefit pension plan**

Under this plan, benefits to be received by employees or the method for determining those benefits have been specified by the Division. The actuarial risk (with respect to the amount of the benefit that each employee will receive) and the investment risk (with respect to the investment returns on any assets set aside to pay for the cost of these benefits) are assumed by the Division. An accrued benefit asset is presented net of any valuation allowance.

A market discount rate is used to measure the benefit obligations. The expected return on pension plan assets is calculated on the market related value of the assets. The cost of the plan is actuarially determined using the projected benefit method pro-rated on years of employee service, final average salary levels during specified years of employment, retirement ages of employees and other actuarial factors, together with the expected rate of return on pension plan assets. Current service costs and interest costs on the benefit obligation are charged to income as they accrue. Actuarial gains and losses are amortized to earnings on a straight-line basis over the expected average remaining service lives (12 years) of active plan members.

### **ii) Other future benefits**

For those benefit obligations that are event driven (vacation pay and parental leave), the benefit costs are recognized and recorded when earned.

The employee future benefits expense includes the Division's contribution for the period.

### **iii) Non-vested sick leave**

For non-vesting accumulating sick days, the benefit costs are recognized, based on a projection of expected future utilization of sick time, discounted using net present value techniques.

### **g) Capital reserve**

Certain amounts, as approved by the Board of Trustees and the Public Schools Finance Board (PSFB), have been set aside in reserve accounts for future capital purposes. These capital reserve accounts are internally restricted funds that form part of the accumulated surplus presented in the statement of financial position (note 9).

### **h) Use of estimates**

The preparation of financial statements in conformity with generally accepted accounting principles established by the Public Sector Accounting Board of CPA Canada requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period.

# St. James-Assiniboia School Division

## Notes to Financial Statements

June 30, 2017

---

### 3 Overdraft

The Division has an authorized line of credit with The Royal Bank of Canada of \$15,000,000 by way of overdrafts and is repayable on demand at prime less 0.25%; interest is paid monthly.

### 4 Employee future benefits

Employee future benefits are benefits earned by employees, but will not be paid out until future years.

|  | 2017      | 2016      |
|--|-----------|-----------|
|  | \$        | \$        |
| Employee future benefit liabilities                  |           |           |
| Defined benefit pension plan - accrued benefit asset | -         | -         |
| Maternity leave earned                               | 428,905   | 455,970   |
| Vacation payable                                     | 736,019   | 724,430   |
| Non-vested accumulated sick leave (note 9)           | 679,465   | 635,297   |
|  | <hr/>     | <hr/>     |
| Total employee future benefit liability              | 1,844,389 | 1,815,697 |

The Division sponsors a defined benefit plan for non-teaching employees that is actuarially valued every three years using a number of assumptions about future events, including inflation rate (2%), wage and salary increases (3%), and employee turnover and mortality to determine the accrued benefit obligation. The most recent actuarial report was prepared as at December 31, 2015. The expected average remaining service life of the related employee groups is 12 years. Pension plan assets are valued at market related values and the expected rate of return is 5.50%.

As at June 30, 2017, there were 506 active members, 187 deferred benefit members and 284 pensioners receiving payments.

Non-vested accumulated sick leave benefits are measured using net present value techniques on the expected future utilization of excess of sick benefits used over earned per year, to maximum entitlement. The impact of the estimated non-vested sick leave benefit cost for 2017 is \$44,168 (2016 - a recovery of \$59,006).

## Notes to Financial Statements

June 30, 2017

---

### 6 School generated funds liability

School generated funds liability includes the non-controlling portion of school generated funds consolidated in the cash balance in the amount of \$164,586.

|                                  | 2017<br>\$    | 2016<br>\$    |
|----------------------------------|---------------|---------------|
| Parent council funds             | 620           | 529           |
| Student funds (including travel) | 135,420       | 167,487       |
| Other                            | 28,546        | 19,379        |
|                                  | <hr/> 164,586 | <hr/> 187,395 |

### 7 Debenture debt

The debenture debt of the Division is in the form of twenty-year debentures payable, principal and interest, in twenty equal yearly instalments and maturing at various dates from 2017 to 2037 and is owing to the Public Schools Finance Board (PSFB). Payment of principal and interest is funded entirely by grants from the Province, except for the debenture debt on self-funded capital projects. There were no self-funded capital projects outstanding during the year. The debentures carry interest rates that range from 3.00% to 8.38%.

Debenture interest expense payable as at June 30, 2017, is accrued and recorded in accrued interest payable, and a grant in an amount equal to the interest accrued on provincially funded debentures is recorded in due from the provincial government. The debenture principal and interest repayments in the next five years are as follows:

|             | Principal<br>\$ | Interest<br>\$ | Total<br>\$ |
|-------------|-----------------|----------------|-------------|
| 2017 - 2018 | 1,479,978       | 1,035,592      | 2,515,570   |
| 2018 - 2019 | 1,521,604       | 960,250        | 2,481,854   |
| 2019 - 2020 | 1,566,065       | 882,938        | 2,449,003   |
| 2020 - 2021 | 1,527,172       | 803,462        | 2,330,634   |
| 2021 - 2022 | 1,543,838       | 728,276        | 2,272,114   |

## Notes to Financial Statements

June 30, 2017

---

### 10 Interest received and paid

The Division received interest during the year of \$102,559 (2016 - \$89,501); interest paid during the year was \$1,092,884 (2016 - \$1,048,742).

Interest expense is included in fiscal on the statement of revenue, expenses and accumulated surplus and is comprised of the following:

|   | 2017<br>\$       | 2016<br>\$       |
|---|------------------|------------------|
| Operating Fund                                    |                  |                  |
| Fiscal short-term loan, interest and bank charges | 52,100           | 47,098           |
| Capital Fund                                      |                  |                  |
| Debenture debt interest                           | 1,040,784        | 1,001,644        |
|   | <u>1,092,884</u> | <u>1,048,742</u> |

The accrued portion of debenture debt interest expense of \$376,299 (2016 - \$335,979) is offset by an accrual of the debt servicing grant from the province.

### 11 Expenses by object

Expenses in the statement of revenue, expenses and accumulated surplus are reported by function. Below is the detail of expenses by object:

|   | 2017<br>\$         | 2016<br>\$         |
|---|--------------------|--------------------|
| Salaries                                | 79,891,433         | 77,469,189         |
| Employees' benefits and allowances      | 6,115,430          | 6,286,665          |
| Services                                | 11,020,342         | 10,623,990         |
| Supplies, materials and minor equipment | 5,496,432          | 5,734,775          |
| Interest and bank charges               | 52,100             | 47,098             |
| Interest - debenture                    | 1,040,784          | 1,001,644          |
| Payroll tax                             | 1,768,178          | 1,686,587          |
| Transfers                               | 421,678            | 477,640            |
| Amortization                            | 3,382,004          | 3,297,462          |
| School generated funds                  | 724,105            | 802,901            |
| Other capital items                     | 8,256              | 38,083             |

---

### 12 Contractual obligations

Agreements with respect to student transportation were entered into for terms ranging from one to five years. The specific costs for these services are approximately \$1,705,787 for 2017 - 2018. As costs are based on student enrolment and transportation requirements, the service agreements do not contain predetermined costs for subsequent years.

### 13 Lease revenue

The Division recorded lease revenue of \$391,549 from other sources relating to various unoccupied building space. Minimum payments under the lease terms over the next three years are as follows:

|             | \$      |
|-------------|---------|
| 2017 - 2018 | 103,580 |
| 2018 - 2019 | 105,545 |
| 2019 - 2020 | 107,558 |

### 14 Special levy raised for la Division scolaire franco-manitobaine

In accordance with Section 190.1 of The Public Schools Act, the Division is required to collect a special levy on behalf of la Division scolaire franco-manitobaine. For the year ended June 30, 2017, the amount of this special levy was \$815,994 (2016 - \$563,965). These amounts are not included in the Division's financial statements.
