PRINT AND DIGITAL MEDIA PUBLICATION

The St. James-Assiniboia School Division recognizes that print media, digital media and the internet provide an ideal means to showcase divisional and school activities and share student work with other students, parents/guardians, staff and the global community.

At the same time, however, the Division remains committed to protecting the privacy and safety of all students. For this reason, the Division has established a set of protocols (IJNDBA-R) for the publication, broadcast and distribution of print and digital media. School administrators are responsible for ensuring that this protocol is followed. The Parent Media Release and Student Acceptable Use Agreement form (IJNDC-E-1) is to be signed by parents/guardians annually. Once dated and signed, this form shall remain in effect for the current school year or until consent is revoked. Parents/guardians may, at any time, amend this form by notifying (in writing) the school principal of the change. The consent of parents/guardians may be withdrawn at any time.
