Permit Conditions for the use of School Grounds

1. Payment must be by cash or cheque to the St. James-Assiniboia School Division. Payment is due in full once a permit has been approved by the Division.
2. The user must not use natural turf areas during inclement weather and when excessive moisture content of the turf could cause damage to the grounds. The decision to play or not will be left to the discretion of the user for a common sense decision. If any of the following conditions occur, scheduled games, practices and events must be canceled or postponed:
 - The existence of rain on game or practice day which could cause injury to participants or damage to fields.
 - Water surfacing or bubbling up when walking on turf.
 - Field is muddy to the point that footing becomes unstable (players slipping and sliding).
 - Standing water on the field.
 - 24 mm or more of rain 48 hours prior to scheduled game or practice accompanied by rain on the event day.
 - Extreme drought conditions where 50% of the playing surface has turned dormant.
 - Audible thunder or visible lightning.
 - Frost or snow.
 - Sharp or other dangerous objects on field (i.e. broken glass, large unmovable rocks, broken base pegs, holes, etc.)

If damage occurs as a result of user decision to play, the permit holder will be held responsible for all repair costs and may also have their permit privileges revoked.

3. The user must maintain and keep in force during the term of the permit agreement a general liability insurance policy in respect of the grounds or parties thereof named in the permit agreement with minimum limits of \$500,000. The Division must be included as an additional name insured. At the Division's request, a certified copy of the policy or a certificate of insurance must be filed prior to commencement of use.
