

Bruce Chegus

1988 – Present

Bruce has been a Trustee since February 1988. He has served as Board Chair for eight terms. He is currently the chair of the Education and Governance Committees, as well as a member of the Retirement Committee.

Bruce has very much enjoyed serving on the Board over the years as he has had the opportunity to meet and work with many fine people at the Board office and in the community. Two of the biggest accomplishments of the Board during his time have been the implementation of technology into the classroom and the downsizing of the number of schools to address declining enrolment. He feels privileged to share in the many successes of the Division these past years and appreciates the support the Board receives from staff, parents and administration in making our schools great places for growing and learning.
