January 16th, 2019

Dear families,

As the new year starts to gain momentum, we need to start looking ahead to the continuation of our extra-curricular sports program for all interested grade 4 and 5 students at École Assiniboine. The basketball program will officially begin in late January of 2019. We have already started some informal practices since our return to school.

Students are invited to participate in lunch time practices and optional games after school from 4:00-5:00 pm at Stevenson School and at Brooklands School. On game days, students will be sent home as per usual and parents/guardians will be responsible for their child's transportation to and from the scrimmage games. Due to the high enrollment numbers and a limited amount of spaces on the shared bus for the *Friendship Tournament*, priority for participation in the tournament will be given to the students that regularly attend our practices.
