

## Buchanan School's Journey Toward Water Sustainability

Buchanan School has embarked on a project called "Water Is Everyone's Responsibility".

Many communities in Canada are faced with shortages of clean drinking water. We have been working towards making our students aware of this crisis and learn that water should not be taken for granted.

Friends, family and community members have been involved in this endeavor and have shared their artistic talents and inspirational messages and quotes on paddles. Each paddle is unique in design as is the story behind it!

We started our online auctions in the spring of 2017 and are opening up our next auction on November 27<sup>th</sup>.

All profits from the auctions will be donated to Water Aid Canada and the Lake Winnipeg Foundation. You can indicate your preference on your bid.

**Bids start between \$25 and \$50 depending on the size of the paddle.**

***Successful Bidders will be notified by email.***

***To place a bid please email [smoore@sjsd.net](mailto:smoore@sjsd.net)***

***Indicate the paddle you are bidding on and the amount of your bid.***
