What is Learn to Play?

Learning to play hockey is more than just learning a game. More than skating, passing and stick-handling, hockey is about responsibility, respect and teamwork. As children learn the skills needed to succeed on the ice, they also build and solidify important character traits needed to succeed off the ice. With that in mind, the Learn to Play initiative was developed jointly by the National Hockey League and the National Hockey League Players' Association to offer more families a chance to experience

After entering the promo code for your school and clicking "Show events", scroll down to the bottom of the screen and click "Play"
