

InformNet - Manitoba's Online High School – will offer a repeater-based course for students during our **online summer session from July 3 - 28, 2023**, inclusive.

The online repeater-based summer session courses are open to all students in Manitoba who wish to upgrade (pass or fail) a course from the regular academic year.

THE DETAILS

InformNet Summer Session is Manitoba's only online summer session program.

- Summer session online registration opens **May 15, 2023**, at <https://www.informnet.mb.ca/summer.html>
- **Summer session courses are repeater-based.** Students need to have previously completed the course (pass or fail) and want to improve their mark.
- Students **can only register for one class** to ensure there is room for all students who need to gain credit or upgrade a mark.
- **Courses are free but capped at 1700 seats. This one course maximum allows more students an opportunity to register for summer session classes. Due to this new fee structure, there will be higher enrollment in the summer session. InformNet will not be able to offer non-repeater-based courses this year.**
- Summer Session registration closes on July 5, 2023, or **when capacity of 1700 seats is reached.**
- All online courses have a teacher who is available to the students on the weekdays.
- Students need access to a computer and the internet.
- Course materials are available 24 hours a day, seven days a week from July 3, 2023, to July 28, 2023, inclusive.
- All InformNet summer session courses close at 11:59 p.m. on July 28, 2023.

FEES

Students may choose one **FREE repeater-based course** (**subsidized by Manitoba Education and Early Childhood Learning**).
