Principal Report:

Next year grade 4 and 5 will have a higher cluster of special needs, they are increasing the numbers in class so the resource teacher can have those kids leave in and out.

Hired an additional resource teacher full time and a 50% literacy specialist

This will help focus more on needs like dyslexia, reading etc.

The grade 4/5 side will have the daycare moving out of the extra class rooms. Sensory room to be moved to that side, and room 17 will be guidance
