○ Fundraising for new playground equipment?

Where are we at?
Last update. Nobody from maintenance is concerned about our playground.
Just thinking about when they were installed. They are a while to fundraise for so may want to start thinking about it.
Budget roughly \$150,000 - not sure about dimensions.
Manager of facilities walk through - not a concern.
Cannot really fundraise for you really need grants.
For our size of playground would actually be 500,000.
Removal of playground, removal of pee gravel.
Proper base, etc.
Will have to do some more looking into.
Table for now
