SCHOLARSHIPS FOR STUDENTS LIVING WITH DISABILITY

AMI

https://www.ami.ca/scholarship

For Canadian citizens or permanent residents with a permanent disability who are enrolled full-time in a recognized post-secondary program; each year the program awards two bursaries of $5,000 (one English, one French).

Canada Student Grant for Students with Disabilities

https://www.canada.ca/en/employment-socialdevelopment/services/education/grants/disabilities.html

A federal grant for students with a recognized disability who enroll in a qualified program at a designated school — eligible students with financial need may receive up to $2,800 per year, for every year of study.

Canadian Hard of Hearing Association

https://chha.ca/scholarships/

For students with hearing loss (hard of hearing, deafened, oral deaf) enrolled full-time in post-secondary studies; various sub-scholarships within the program award $1,000 to $2,000 depending on the category.

Canadian Hearing Services

https://www.chs.ca/scholarship-application

Offers financial support for deaf or hard-of-hearing Canadian citizens or permanent residents attending post-secondary institutions; eligible full-time students can receive about $3,000 per year (and lesser amount if part-time), renewable annually.

Crohn's and Colitis Canada IBD

http://crohnsandcolitis.ca/Support-for-You/IBD-Scholarships

Awards one-time scholarships of $5,000 to Canadian students living with Crohn's disease or ulcerative colitis who are enrolled in a post-secondary program.

Deloitte Canada Scholarship for Students with Disabilities and Neurodiverse

https://disabilityawards.ca/deloitte-canada-scholarship-for-students-with-disabilities-andneurodiverse-multiple-locations/

Offers a one-time $5,000 scholarship to Canadian post-secondary students who selfidentify as having a disability or being neurodivergent (e.g. autism, ADHD, dyslexia, sensory, cognitive, learning or other impairments), plus the opportunity to complete a paid work-term at a Deloitte Canada office.

Disability Awards https://www.disabilityawards.ca

A Canada-wide online portal (run by NEADS) that collects and lists hundreds of scholarships, bursaries, and other financial aid options specifically for post-secondary students with disabilities, helping them identify supports across colleges and universities.

Diabetes Hope Foundation

https://diabeteshopefoundation.com/scholarship-program/

A merit- and needs-based scholarship for Canadian students living with type 1 diabetes who are finishing high school and entering post-secondary, awarding $3,000 to recipients who balance diabetes care, academic achievement, and community involvement.

Full Potential

https://portal.scholarshippartners.ca/welcome/FullPotential/

Offers up to 20 entrance scholarships of $1,000/year (renewable up to four years) plus virtual tutoring support (valued at $5,000 over 4 years) for Canadian students with documented learning disabilities/gifts starting full-time post-secondary studies.

Grant for Students with Permanent Disabilities

https://manitobascholarships.ca/resources/60/grant-for-students-with-permanentdisabilities.php

Provides $2,000 per academic year to Canadian post-secondary students with a permanent disability (proof required) to help with tuition, books, and accommodation costs.

Lupus Scholarship for Canadian Students

https://www.lupuscanada.org/lupus-scholarship-canada/

Awards one-time $2,500 scholarships to Canadian students diagnosed with lupus who are entering or already enrolled in post-secondary education, to help cover tuition or educational expenses.

Manitoba Council for Exceptional Children

http://community.cec.sped.org/mcec/scholarships

Offers four annual scholarships (typically $750 each) to Manitoba students either pursuing post-secondary education or transitioning to post-school work/training, particularly those working toward careers supporting persons with exceptionalities or with exceptional needs themselves.

Manitoba Epilepsy https://www.manitobaepilepsy.org/scholarships

For Manitoba residents with diagnosed epilepsy or seizure disorders (and members of the relevant provincial association), these awards support post-secondary studies or trades training — amounts and eligibility vary depending on specific scholarship under the program.

Reading Learning Clinic https://www.rlccanada.ca/post-secondary-student-scholarship/

This award supports students in Manitoba who have a documented specific learning disability (e.g. dyslexia, dysgraphia, dyscalculia). Eligible applicants must be accepted into a full-time post-secondary program (university, college, vocational or technical) in Manitoba. The scholarship amount is up to $200.

Rick Hansen Foundation for Youth with Disabilities

https://www.rickhansen.com/Scholarship

For Canadian youth under age 30 with a functional disability (permanent or episodic), enrolling full-time in a publicly funded post-secondary or training program; provides up to $10,000 per year, up to a maximum of $40,000 total over the duration of the program.
