

Collège Sturgeon Heights Collegiate

Advanced Placement Planning Chart

Advanced Placement (AP) provides students with the opportunity to experience university-level work while in high school. Each course is a combination of Provincial and Advanced Placement curriculums which are taught simultaneously. Except for Computer Science, and English Language and Composition, students take AP courses from **September to mid-May** and earn **2 credits** for each successfully completed course.

If an AP course is dropped at any point between September and the end of the course in mid-May, the student does not receive any credits. The course must be completed in its entirety to gain 2 credits.

For Computer Science and English Language and Composition the student will receive their credit in EN30S and CS40S regardless of whether they take the AP credit.

AP CALCULUS AB			
GRADE 9	GRADE 10	GRADE 11	Grade 12
MA10F/X	MA20SPA/X, MA30SP/X	MA40SP/X	AM40S & MA42S
