

# HUSKY STUDENT OF THE MONTH

## English

### Sophie

Sophie's dedication and amazing talents have truly shone through this year. With her impressive creative ability and keen design sense, she crafted an outstanding children's book for the Canada-wide Diverse Minds Creative Writing Competition. Her book is colourful and humorous and tells a story about a young star who just didn't quite fit in, but through perseverance, comes out on top. Sprinkled with a dash of childlike innocence, it beautifully communicates the importance of kindness, inclusion, and the value that each of us can contribute to building a stronger community, despite our differences.
