

HUSKY STUDENT OF THE MONTH

Science

Kane

Kane has shown strong dedication to his academics in grade 12 by taking on advanced coursework. In addition to enrolling in all three science courses, he challenges himself by taking three AP courses, demonstrating a high level of commitment, responsibility, and time management. While AP Biology is academically demanding, Kane approaches the course with determination, consistently putting in the effort to complete his lab work and assignments and showing steady improvement over time. He maintains a friendly, positive attitude in the classroom, and his preparation and willingness to seek understanding are reflected in his high academic progress throughout the year.
