

# HUSKY STUDENT OF THE MONTH

## **Aviation**

Hayden G.

Hayden transferred this year from another division high school to expand his knowledge in aviation. This year Hayden has enrolled in four aviation classes and continually maintains grades above 90% in all his aviation classes. While Hayden maintains a high GPA in school, he is busy before/after school, and on weekends putting in 1.5 to 3hrs a day practicing for competitive swimming. On top of his competitive swimming, he works out daily and has a part time job. His aspiration is to one day become a military pilot. Way to go! Keep up the great work!
