

HUSKY STUDENT OF THE MONTH

Computer Science

Bianca

This grade 9 student is taking my introductory Computer Science course and has never taken a Computer Science course before. Bianca has a quiet but warm personality with a strong work ethic and drive towards her studies that makes teaching her a joy. Bianca is working well in the course, asks questions, goes back and improves her work, and is receptive to feedback. I hope Bianca will continue to excel and I hope she enjoys future studies in Computer Science. Great job Bianca!

The background features a large, semi-transparent watermark of the Sturgeon Heights High School mascot, a husky, in shades of grey, blue, and red. The school name "STURGEON HEIGHTS" and "HUSKIES" are also visible in a large, light grey font behind the mascot.
