

HUSKY STUDENT OF THE MONTH

Visual Art

Akira M.

Akira has created some incredible artwork in the last two years and this painting of Van Gogh's 'Cafe Terrace at Night' tops them all!

Akira has outstanding technical skill and a great sense of aesthetics. Both her project work and her sketchbook are consistently well done and look beautiful. Akira's painting was displayed at the 'Night at the Heights' arts gala where both her original canvas work and several prints were purchased by audience members. Congratulations Akira on this amazing achievement!
