

HUSKY STUDENT OF THE MONTH

Science

Sebastian M.

Sebastian is in grade 10 and loves to challenge himself in science. He is currently taking both grade 10 science and grade 11 honours chemistry at the same time and is making exceptional progress in both! He demonstrates achievement at a high level, always wanting to fully understand the science behind the observations. His positive attitude, strong work ethic, and willingness to help classmates makes him a true leader in our science community.

Congratulations Sebastian!
