

HUSKY STUDENT OF THE MONTH

Life Skills

Adam

Adam is a tremendously positive contributor to both our Life Skills program and our school community. Each day, he helps out in the bakeshop as our pastry chef in training, and our dishwasher extraordinaire. Once he's finished there, Adam returns to the Life Skills room to assist in preparing the sandwiches and wraps that we hand out at lunch. This month, Adam also participated in the Special Olympics meet at Maples Collegiate and performed exceptionally well. If you see him in the halls, don't hesitate to say hello—he's always happy to connect!
