Policies

Child Protection and Professional Boundaries

St. James-Assiniboia School Division is committed to providing safe, caring, and inclusive schools. The Division supports safe, respectful, and professional relationships between students and adults who work or volunteer in our schools. [Policy GBEB](#) establishes expectations for appropriate interactions between students and adults working within the Division. Students who experience, witness, or become aware of conduct that may be inappropriate are encouraged to report concerns to a teacher, counsellor, principal, vice-principal, parent/caregiver, or another trusted adult. All concerns will be taken seriously and addressed appropriately. Parents and caregivers are encouraged to review the full policy on the Division website and report any concerns regarding student safety or professional boundaries to their school principal or the Superintendent's Office.

Please visit the St. James-Assiniboia School Division website for additional information on school policies.

Internet Policy

All students have access to Internet use at Westwood Collegiate as long as their parents or guardian have signed the waiver on the registration form giving their permission to do so. Students are advised to use common sense and discretion when using the internet to ensure that they are able to maintain this privilege. The divisional smart filter blocks access to most websites with inappropriate material. However, some material can and does get through. Students are expected to close these sites and notify the teacher. Students found to be using the internet for inappropriate means will lose their computer privileges for a length of time determined by the administration and face other disciplinary action.

Harassment Policy

The St. James-Assiniboia School Division affirms its commitment to maintain a learning environment that is free from harassment, bullying (including cyber-bullying*) and discrimination. Harassment of any individual will not be tolerated. An individual who believes she/he is being harassed or bullied should report the incident to a school staff member immediately.

*cyber-bullying means using the Internet or other information or communication technologies, such as e-mail messages, text messages sent by cell phone or pager, snapchat, Instagram etc. to support deliberate, repeated and hostile behaviour by an individual or group that is intended to harm someone else. Abuse can be physical, sexual, psychological, or verbal in writing or otherwise.

Cafeteria

The cafeteria hours are from 8:30 AM to 2:00 PM. Students may bring their own lunch to eat in the cafeteria or may purchase food from the cafeteria canteen. Courteous behaviour and cleanliness are expected at all times. Those who use the cafeteria are expected to clean up after themselves. Food or drinks are not allowed in the halls, gymnasium or classrooms during class times. The only time food and/or drink is allowed in classrooms is if a student is receiving extra help from a teacher over the lunch hour. Water bottles are allowed in the classes during class time.

Library

The library is open from 8 AM until 4 PM. The library provides a wealth of informational materials as well as computers for internet access and word processing. It also provides a quiet place for students to do work. Students must be quiet and respectful of this workspace and if found using it inappropriately may possibly lose the right to use the library.

Halls

Students should only be in the halls at the beginning and end of school and while moving from one class to another unless they have special permission or special duties. Students on spares can either leave the campus or go to the cafeteria or library.
