

## Westwood Collegiate Final Assessment Week, June 12th to June 18th, 2026

The last day of regularly scheduled classes for Grades 10-12 is June 11. Students in Grades 10-12 will follow the schedule below for assessment week. Students in Grades 10-12 are not required to be at the school unless they are writing an assessment. Grades 10-12 students will be provided with the opportunity to use this time to ensure successful completion of a course and/or study where needed.

For credit recovery, all students must book a time with their teacher if they are needing assistance.

Grade 9 students will follow their normal schedule with the last day of classes on June 16th. If a grade 9 student is enrolled in a grade 10 class which has an assessment, caregivers should ensure they excuse their child from the regularly scheduled grade 9 class.

Assessments scheduled during the Final Assessment Week will be weighted separate from other assessments within a given course at 10% of the final course grade. This will be communicated in the "exam" column on the report card. Your child's teachers will communicate the process for these assessments closer to the conclusion of the semester. Students' assessments will take place during a 68-minute block in their usual classrooms.

- **A.P. Exams:**  
Biology May 4, Chemistry May 5, English May 6, Calculus May 11, Psychology May 12.
- **Grade 12 Provincial Assessments:** (20% of the final course grade). Scheduled earlier as follows:  
English—May 25-28. Math Pre-Cal June 9, Math Essentials June 10, Math Applied June 11.
