## Westwood Collegiate Grade 10 Math Information 2021-2022

Since many Grade 9 students will have attained credit in a grade 10 math course early, we have some additional options for grade 10.

We understand each student will have their own unique needs and aspirations, but Westwood Collegiate strongly encourages you to take at least one Math option at the grade 10 level:

MA20S	Essentials
MA20SPA	Introduction to Pre-Cal and Applied

If you are ready for a challenge, you may take a grade 11 Math class:

MA30S	Essentials
MA30SA	Applied
MA30SP	Pre-Cal

Circle your choices on this form. Questions? Ask the office, your math teacher, or guidance.

### Parents Please Note:

It may not be possible to timetable every optional course request for every student. Courses offered may change based on provincial and/or divisional guidelines.

**Students may sign up for additional options if they are offered before regular classes, at lunch, or after regular classes.**
