Access and Privacy in St. James-Assiniboia School Division

The St. James-Assiniboia School Division (the "Division") is committed to protecting all personal information under its custody and control while providing right of access to information according to the principles of access to information in a democratic society. The Division is mindful of the issues of confidentiality and privacy in all of its interactions and protects the personal information of individuals in accordance with legislation governing the collection, use, disclosure, retention, and security of personal information.

Two pieces of legislation govern access and privacy for school divisions in Manitoba:

FIPPA (<http://www.gov.mb.ca/chc/fippa/index.html>)

- The Freedom of Information and Protection of Privacy Act (FIPPA) requires that public bodies make recorded information available to members of the public. It also ensures that personal information contained in records is protected.

PHIA (<https://web2.gov.mb.ca/laws/statutes/ccsm/p033-5.php?lang=en>)

- The Personal Health Information Act (PHIA) ensures that individuals can request access to their health information and that trustees of this information are collecting using and disclosing information in a manner that protects its privacy. The St. James-Assiniboia School Division is a trustee of personal health information that is contained in student records, employee records and records related to health related services in the school division.

For the purposes of the Freedom of Information and Protection of Privacy Act, the duties, powers and responsibilities are delegated as follows:

Access and Privacy Officer – The Superintendent
