January 6, 2022

Good evening families,

We hope you all had a restful break and had time to relax a little bit amongst the chaos.

By now we are sure that you have heard that we are moving forward with remote learning for next week. Students will be following their daily schedule (but don't panic if they don't remember their schedule - teachers will be inputting all meetings into their Microsoft Teams calendar.)

We do understand that remote learning can be a challenge, especially when devices are limited. We will be uploading everything that we do to Teams daily. There will be some learning opportunities that can be printed or looked at and completed on looseleaf paper. We know that working through lessons while staring at a screen the whole time can be difficult for some children. If you find that your child would benefit from a paper package to follow along with, we have made some available at the front office. This will be labelled "Grade 7 Online Learning Package." This package will be available for pickup Friday 1-4 pm. **Please note that at this time, the optional paper package will contain material for ELA, Math, Social Studies and French only.**

We understand that this is a challenging shift to make in a short time frame. If you or your child needs more support from the school, please do not hesitate to contact the school administration to discuss.

We are hopeful that this is going to be a short-term learning option and that we will get to return to in-person instruction ASAP. If there is anything that we can do to help, please let us know.

Thank you for your support,

The Grade 7 Team
