SUCCESS FOR EACH
LEARNER &
SUPPORTING AND
CELEBRATING OUR
STUDENTS

Framed by the Strategic Plan's priority areas of supporting and celebrating student learning alongside evidence of tension between a desire to put students at the centre of their learning and obligation to the Provincial Report Card, our work is to examine, improve, and develop student-centred assessment practices that are more aligned with an Indigenous Worldview.

Framed by the MA MAWI ANOKIITAW MIINAAA priority area and through reflective collaboration about where we are on the Mamahtawisisin continuums, our area of focus is to continue centering student learning in Indigenous ways of learning, knowing, and being are reflected in practices so student learning is improved .
