February 6, 2024

Dear Parents and Caregivers:

For the 2024/2025 school year all classrooms will once again be participating in our “community supplies” program. Teachers will order the classroom supplies so that they are available in September. Community supplies will be organized and stored in individually labelled student containers.

Payments for supplies are to be made at school start, with School Cash Online

School Cash Online will be available for payment of school supplies by school start up.

Please visit <https://sjsd.schoolcashonline.com>

Community supplies have many benefits for students, parents/caregivers and teachers. Some of these include the following:

- They are more affordable.
- Additional supplies are not required to be purchased over the course of the year.
- All students have access to all supplies.
- There is less waste.
- Fewer materials are lost because everyone assumes the responsibility for ensuring that they are returned to their individual containers.

Below are the amounts we will be collecting for each grade.

Kindergarten	\$30.00
Grades 1 – 5	\$50.00

Students will require a pair of running shoes (not black-soled shoes because they mark up the gym floor) for gym and indoor use.

Grade 4 & 5 Students

For 2024/2025, students in Grade 4 & 5 will require a recorder for music classes.

Recorders will be available for purchase at a cost of **\$6.75** from the classroom or music teacher. When your child receives their recorder, please label the recorder and case with their name.
