Valentim (Gr. 11)**

The Collège Sturgeon Heights Collegiate Administration Team

What do we value at Collège Sturgeon Heights Collegiate?

What goals do we have for our Huskies?

How do we want to engage with our community?

Questions?

Our Values

1. Create a positive, safe, and supportive atmosphere for all Huskies.
2. Create an increased sense of pride and ownership of our school.
3. Recognize and celebrate ALL student achievements.
4. Increase student and staff involvement, with students leading the way.
5. Increase our communication and connection to our community.

Numeracy Skills

- Focus on critical thinking skills and mental math strategies
- Connections to real-life content applications

Literacy Skills

- **Interact with a variety of texts to construct meaning**
- **Exposed to diverse perspectives through inclusion of supplementary materials**
- **Many opportunities exist for students to take risks in their learning and experiment with language**
- **Focus on inquiry**

French Immersion

- Encourage students to take as many courses in French as possible to maximize language exposure and acquisition
- Increased usage of French language in daily school events; announcements and assemblies
- New French option courses available
- FI teachers have a professional learning group to discuss strategies to fortify the program
- Provide opportunities to utilise the French language on Field Trips in Winnipeg and beyond

Diversity & Inclusion

Students have opportunities to build meaningful connections with others

Students see themselves reflected in their learning

Indigenous Perspectives

- Indigenous student group that meets weekly focusing on cultural teachings, sharing circles, and smudging.
- Rec and Read program
- Invite Elders for group teachings
- Ribbon skirt workshop
- Red dress project in May
- Field trips

Community Engagement

- Guest speakers/outreach
- Volunteer Opportunities
- Parent Advisory Committee
- Donations / Fundraising

Our Goals

- Encouraging a school-life balance for our Huskies
- Increased opportunity for student involvement
- Proactive workshops focusing on student needs
 - Healthy relationships
- Awareness around vaping & drugs
- Skill Building
 - Organization
 - Speaking
 - Study
- Peer Tutoring
- Exit Interviews
- Move toward electronic forms

Questions?

When is registration for the 2023-2024 school year?

Registration forms will be coming home with students on February 10th. They are due back to school on the 13th.

Will there be the possibility of online registration?

Not this year, but we would love to move toward this in the future.

Will there be an information session for parents about registration?

This is a great suggestion, and something we can certainly look into.

Where can parents and students find information about course prerequisites?

This information will be included in the CSHC Course Handbook.

Is the CSHC Course Handbook available online?

It is. We will ensure a link is available to parents and that it is easy to find on our school website.

Can students change their elective requests after the registration form due date?

They can. If students feel the electives they have chosen are not the right fit, they are welcome to talk to school admin to request a change.

When and how can students from École Roméo-Dallaire apply to CSHC?

If the student lives in the school's catchment area, registration is available to them beginning February 10th. Waitlist registration is available through the division to those who live outside of the catchment area beginning February 17th at 8:00 am.

When and how students who live outside of the CSHC catchment area apply?

Waitlist registration is available through the division to those who live outside of the catchment area beginning February 17th at 8:00 am.

Questions – Registration & Communication

There are several online platforms parents feel they need to check; will these be reduced?

A goal of ours is to move toward centralizing a place where parents can easily access all information they need about their child's progress at school. We are looking specifically at how we can utilize the Microsoft 360 programs available to us.

Is there the ability to offer AP courses in French Immersion?

Unfortunately, AP courses are not available in French because the program originates from the USA. French Immersion students can take AP French in grade 12.

Can French Immersion students achieve the French Immersion Diploma and AP Certificate?

Yes. Students will be able to graduate with a French Immersion diploma and AP certificate(s).

What electives are available to students in French Immersion?

For 2023 - 2024 we are proud to be offering the following electives for French Immersion students:

Biologie, Chimie, Physique, Le cinéma, témoin de l'histoire moderne, Enjeux Mondiaux, Études de la Famille, Premières Nations, Métis et Inuits; sujets d'actualité et Psychologie. Section viability will be determined by student interest through registration.

Will there be the possibility for vocations to be available in French in the future?

This is a possibility we are continually exploring.

Questions – French Immersion

Thank you!
