****Other information about the Y****

- We are a non-profit charitable organization committed to nurturing the potential of children, teens and young adults, promoting healthy living and fostering social responsibility
- For these positions candidates are required to obtain either Emergency or Standard First Aid & CPR C certification. If they don't currently have it the Y offers courses they can participate in (paid for by the candidate) once they are in a role, when they are required to do a refresher training, it is paid for by the Y.
- If they don't have a Lifeguard or Swim Instructor certification currently and interested in taking a course/training, they can contact any of the Y branches to inquire further about our programs
- Once a candidate is hired into a position there is always the opportunity for them to pick up extra hours and sub at any of the 4 branches located within Winnipeg
- Working for the Y is a great opportunity for growth, development and to learn some great leadership skills

- We have positions that become available called Children Program Staff which staff help with programs/activities but then once hired into these roles the students can also be trained to help with specific programs such as the gymnastics/dance/basketball/sports programs and take internal training to get instructor certifications.
