At Nuburger, we attract, develop, and retain people from all demographics for our Team. To date, our largest pool of hires is generally found in the 16- to 23-year-old age bracket. We thrive on being an entry level / first job for students in search of job experience and wanting to earn money for whatever needs they have (tuition, saving, spending). Our typical tenure of a high school student is approximately 3 years, at which time they have learned, earned, and made many memories and friendships.

We recognize that you, as educators, have many of the same goals and we really admire your unwavering support and efforts to your students over the years!

Our aim is to continue developing what you have already taught them: Building Relationships, Teamwork, Communication, Problem Solving, Reflection.

If you have students that are Optimistic, Curious, Coachable, Funny, Patient, Respectful & Kind, they are exactly who we are looking for!

Flipping burgers? Yes, we do that...and SO MUCH MORE!

Whether interested in a part-time job, a rewarding leadership role, a career in senior management, or have aspirations of multi-unit ownership, we would love to be a part of helping your students realize their full potential.

What we want you to know about us:

- Diversity is the key to our success...everyone is welcome to try out for our team
- We openly share our knowledge and encourage our team to do the same
- Being in the service of Guests is our greatest reward
- We believe fun, learning, and making money occur at the same time
- We think flexibility and life balance allow for the best people to thrive
- We support our leaders

If you think Nuburger is the place for any of your students, please encourage them to email their resumé to [team@ilovenuburger.com](mailto:team@ilovenuburger.com) or apply in person at any of our locations!
